WheelerPress Assists Denton Animal Shelter Foundation

When the Denton Animal Shelter Foundation (DASF) started its efforts in promoting a large-scale capital campaign to build a new shelter, it was something that we decided that we would invest our time, effort and money in. But, the verve to assist DASF didn't stop there. WheelerPress has assisted DASF with additional printing and marketing materials to promote its fundraising, public awareness, and educational programs promoting animal welfare.

Since Denton has grown so much over the last 10 years, we felt it was time to partner with DASF to find good homes for so many animals. Nearly all of us at WheelerPress are animal owners, so seeing DASF address the issue of matching pets with people was very heartening to us.

After 102 years of business, we continue to assist small organizations with their missions and work. I'm proud to say that we've been involved in helping DASF and its Board of Directors accomplish their goals and we send our kudos to them for a job well done!
